February 15, 2008

STATE OF ILLINOIS

ILLINOIS COMMERCE COMMISSION

MT. CARMEL PUBLIC UTILITY CO.     )  
   )     No. 07-0357  
Proposed general increase in     )  
electric and natural gas rates     )

**MT. CARMEL PUBLIC UTILITY CO.**  
**BRIEF ON EXCEPTIONS**

Now comes Mt. Carmel Public Utility Co., by and through Eric Bramlet of the law firm of Koger & Bramlet, P.C., and for its Brief on Exceptions hereby states as follows:

1.     Mt. Carmel Public Utility Co., hereinafter "MCPU," does not make any exceptions, notes or comments in this Brief on Exceptions regarding typographical errors such as misspellings of words or entity names, word tense, punctuation or otherwise as it is presumed these will be found in the final edit of the order. However, MCPU does not waive the right to make any such comments at a later date if needed.

2.     The Proposed Order uses the term "delivery service" and "delivery services" throughout when speaking of electric and natural gas rates or tariffs. The term delivery service is a defined term, and the rates and tariffs filed in this docket are not for delivery service as defined under the Electric Service Customer Choice and Rate Relief Law of 1997, as amended. Further, MCPU has separate electric "Delivery Service Tariffs" that are on file with the Illinois Commerce Commission and which will or may be changed in the future. The use of the phrase is misapplied and could be wrongly construed or misapplied in the Proposed Order and any final order, and

therefore should be changed to just refer to electric or natural gas rates or tariffs, not "delivery service" rates or tariffs.

The places where this incorrect use can be found are as follows:

- a. page 12, paragraph C., lines 1 & 3
- b. page 13, in each of the two written paragraphs
- c. page 21, paragraph C, lines 1, 3 & 5 and the next written paragraph
- d. page 22, the first written paragraph
- e. page 31, paragraph 3, lines 5 & 7
- f. page 31, paragraph 5, line 2
- g. page 31, paragraph 6, line 2
- h. page 31, paragraph 7, line 2
- i. page 31, paragraph 8, line 1
- j. page 32, paragraph 10, line 6
- k. page 32, paragraph 11, line 6
- m. page 33, the first ordering paragraph, line 1 & 4 (two times)
- n. page 33, the second ordering paragraph, line 2
- o. page 33, the third ordering paragraph, line 3 (two times)

The use of the phrase "delivery service" or "delivery services" in three places on page 19 of the Proposed Order are correct however and should not be changed.

DATED this 15<sup>th</sup> day of February, 2008.

Respectfully Submitted,

Mt. Carmel Public Utility Co.
